BL200-1 WHEEL LOADER
(WITH H-SERIES BSIII ENGINE)

APPLICABLE EQUIPMENT SERIAL NUMBER: 10080 & UP

PARTS CATALOGUE

FORE WORD

Due to continuous research and development , some procedures and parts may be changed. Periodic revisions may be made to this publication.

This equipment has been engineered with Engine's and Transmission's from various sources. Therefore the customer is advised to check for the applicable parts while ordering for spares.

The following few codifications have been introduced for better understanding and usage , specially with regards to the serviceability and replacement of parts.

NAME OF PART: *Part name with prefixes (.),(..),(...) and so on indicates level of assembly.*

QTY : ***'Qty' indicates the quantity of a part required per equipment . In case of a component part of an assembly. However it indicates the quantity of the part required per assembly.***

**** :*** *Part is not supplied as an independent part,but the assembly containing the part is.*

 # : *Item is shown to furnish further details and the same is for reference only. Hence the 'QTY" should not be recond.*

$: *Item is shown for shipping purpose only . These items are to be removed while assembling.*

NOTE: *1) This is applicable when the equipment is fitted with ALU412Engine.*

2) For Engine & Transmission details refer seperate parts catalogue

3) For details of kit items k1,k2,k3 ., indicated in the remarks column, refer chapter service kit.
